

# 2.5" External eSATA Enclosure

The sleek design of the Shintaro 2.5" External SATA Enclosure is both attractive and portable, perfect for those needing stylish data storage on the move. The slimline case houses a robust enclosure supporting 2.5" SATA hard drives, with convenient one-touch back-up and the choice of using either USB2.0 speeds of up to 480Mb/sec or super fast eSATA at up to three times the speed of USB 2.0. It even includes a fashionable leatherette carry pouch. Portable, convenient and reliable: this is the perfect companion for any laptop.
